5. Are there any additional features in IndiaFirst Life Guarantee Of Life Dreams Plan?

Save the Date Feature

In case the Income payment frequency is chosen as Annual, then at the time of purchase you will have an option to receive the survival benefit on any one date succeeding the due date of first income to coincide with any Special Date as per your choice instead of policy anniversary.

This Special Date can be any date that falls within 365 days after first income due date, such as spouse's birthday, parents' anniversary, child's birthday et cetera. All survival benefit payouts shall be made on the chosen date. It can be deferred but not advanced.

In such a case, the survival benefits applicable for the policy year when it is due, would be increased for the deferment period, i.e., the period between the policy anniversary and the Special Date, by accumulating the benefit at an interest rate of 3.0% p.a. compounding monthly. Any change in Interest rate will be subject to IRDAI approval. However, the last instalment due on end of the policy term shall be paid on the date of Maturity only, and not on Special Date.

Save the Date option can be chosen only at the time of Inception of the policy. If this option is chosen, then you won't be able to change the Income payment frequency throughout the policy term, nor change the Special Date in the future.

Discount on Advance premium (Renewal)

We will offer discount on renewal premium amount if you pay the premium

at least one month prior to premium due date till 11 months prior to due date provided this period falls within a financial year. No discount will be offered if premium is paid within one month prior to premium due date. The discount rate applicable for the quarter will be calculated on 5-year G-Sec bond yield (rounded to nearest 5 bps) as at beginning of the quarter. The same discount rate will be applicable to all the advance premiums being paid by you during that quarter. Any change in the said methodology for the calculation of discount on advance premium is subject to IRDAI approval. The discount rate will be calculated from advance premium paid date to premium payment due date (in complete months).

Life Cover Continuance Benefit

Full death benefit will remain in force for a period of one year (Life Cover Continuance period) from the date of first unpaid premium provided the first 2 policy year's premium has been paid in full.

If due premium(s) is not paid within this period, then policy will be converted to paid-up status.

At the end of the life cover continuance period, the policyholder will have the following options to exercise.

- Pay all the due premiums with interest as applicable and revive the policy.
- Pay one full annual premium with interest (as applicable to revival) and extend the life cover continuance benefit period.
- Not pay due premium and hence continue the policy with reduced paid-up benefits.
