

A valued employee... A secure organization!

IndiaFirst Life Employee Welfare Plan

(A Non-Linked, Non- Participating, Fund Based Group Life Insurance Plan)

PROMOTED BY

 **Before you start reading****Important note**

IndiaFirst Life Employee Welfare Plan is referred to as the Policy throughout the brochure.

How will this brochure help you?

This brochure gives you details of how the Policy works throughout its lifetime. It's an important document to refer to.

To help your understanding

We've done our best to explain everything as simply as possible; however you're likely to come across some terms you're unfamiliar with. Where possible, we've explained these where they are used.

We have used plain language that's easy to understand and believe this brochure is a good place to start when considering an investment.

Introduction

A valued employee... A secure organization!

Organizations establish new ways every once in a while to ensure that their future is financially protected. Smart organizations, however, do it differently, they go a step further and make sure that their employees and other stakeholders are also valued and protected. This not only ensures that the organization completes the full circle of safeguarding the company as well as the resources but also transforms the valued resource in to a long term asset for the organization.

Our IndiaFirst Life Employee Welfare Plan will help you improve the work place benefits for your employees alongside reducing any possible future financial strain on you as an organization. This plan can cater to your employee's needs like Gratuity, Leave Encashment etc.

With the IndiaFirst Life Employee Welfares Plan, you can now ensure that your employees receive the right benefits for all their hard work and your future financial liabilities are taken care of in a cost effective method.

- Earn an interest on your earnings as declared by us at the start of every financial quarter
- Safeguard your resources with the help of an additional life cover through our IndiaFirst Group Term Plan
- Get tax benefits for yourself as well as your employees as per the existing tax laws

1. What is the IndiaFirst Life Group Employee Welfare Plan?

IndiaFirst Life Employee Welfare Plan is a non linked, non-participating, fund based, group life insurance plan. The plan can continue indefinitely on an annually renewable basis. The plan is designed to support employer-employee/ bank/ trustee group like yours, and provide comprehensive benefits to your resources.

Under this plan, you, the Master Policyholder can provide benefits like Gratuity, Leave Encashment and pre or post- retirement Medical expenses for the members. You can also avail the flexibility to choose from the defined benefit or defined contribution schemes as per your requirement. Additionally, in terms of premium contribution, either you, the Master Policyholder, your Member or both of you, the Master Policyholder and the Member can contribute towards the premium.

This policy is also designed to provide you a minimum assured guaranteed return, and interest rate to ensure you generate enough funds to take care of your financial liabilities.

A. You are assured a minimum assured guaranteed return of 1% per annum for the entire policy term. which shall be applicable on the balance of the Policy account Value. The balance of the policy account at end of the financial quarter is the policy account balance at the beginning of the quarter plus total contribution during the financial quarter less any withdrawals made during the financial quarter accumulated with interest. The minimum interest rate shall be credited to the balance of the policy account at the end of every financial quarter on prorata basis from the date of receipt of contribution or pro-rata basis till the date of exit due to any reason as per scheme rules.

B. A non zero positive interest rate shall be declared by the company at the start of every financial quarter. This will be based on a pre-defined formula. The formula used for declaring this interest rate is $\text{Max} \{ \text{EGY} - \text{Max}(4\% * \text{EGY}, 0.35\%), 1\% \}$ where EGY is the Expected Gross Yield to be earned on the asset maintained for this fund.

$$\text{EGY} = \sum \text{Xi} * \text{Ri}$$

Xi is the proportion of ith asset and Ri is the return earned on ith asset

At each quarterly interval, we will credit the non-zero positive interest rate to the balance of the policy account value at the end of a financial quarter, on pro-rata basis from the date of receipt of contribution or pro-rata basis till the date of exit. No charges will be deducted from policy/individual account.

At each quarterly interval, if in any situation [EGY-Max (4%*EGY,0.35%)] is less than 1%, then minimum interest rate of 1% will be credited from shareholder's account to the balance of the policy account value at the end of a financial quarter on pro-rata basis from the date of receipt of contribution or pro-rata basis till the date of exit due to any reason.

Also, if at financial year end, we earn more than expected, we may credit interest in addition to the quarterly interest subject to the following maximum deduction.

Number of years elapsed since inception	Maximum deductions from the gross yield
up to 5 years	4.00%
6	3.75%
7	3.50%
8	3.30%
9	3.15%
10	3.00%
11 and 12	2.75%
13 and 14	2.50%
15 and thereafter	2.25%

C. Additional funding options: You, the master policyholder can choose to have additional funding on the initial contribution made at the inception of the policy. Any additional funding requirement is as per actuary's certificate in accordance with the AS 15 (Revised). You can choose any of the following options:

- a. Option A - 3.01% of the initial contribution as additional funding
- b. Option B - 2.01% of the initial contribution as additional funding
- c. Option C - 1.01% of the initial contribution as additional funding

In the instances where you, the Master Policyholder has availed of additional funding, the additional funding will be recovered through a deduction from the account value equal to a percentage of the contribution on which the additional funding was sought. The recovery percentage applies on initial contribution. The percentage reduction to be applied are mentioned in the following table:

Option	Recovery (in % pa)	Recovery Period (in years)
Option A	0.6%	6
Option B	0.6%	4
Option C	0.6%	2

- In case of the surrender of the Policy before the above mentioned recovery period, the unrecovered additional funding will be deducted from the policy or individual member account balance before paying the surrender benefits.
- No recovery made against additional funding from the member in the event of individual member retirement/maturity for defined benefit scheme.

2. Who can be a part of this policy?

This policy can be availed by the 'Master Policyholder for the benefits of its 'Member'

Who is the Master Policyholder?

- Master Policyholder is you, the organization which holds the policy and sets aside a fund to cover its employee liabilities such as Gratuity, Leave Encashment or pre or post- retirement Medical expenses, as per the scheme rules.
- The benefits payable under this policy are governed by the scheme rules. This specifies the amount and time of the benefit payment to your member(s). The amount and time of the benefit may vary.
- The Master Policyholder holds and operates the Master Policy.

Who is the Member?

The Member is a member of your organization or a part of an organized group. The member is the life assured under this policy.

The age limits for a member are -

Age	At Entry	At Exit
Minimum	18 years as on last birthday	-
Maximum	75 years as on last birthday	76 years as on last birthday

What is the group size to whom the cover can be offered?

Minimum Group Size	10 members
Maximum Group Size	No limit

3. Who pays the contribution under this policy?

- A. The premium contribution under the Defined Contribution scheme can be made by either,
- You, the Master Policyholder, or
 - your Member, or
 - both of you, the Master Policyholder and the Member
- B. The premium contribution under the Defined Benefit scheme will be done by the Master Policyholder, as per the scheme rules

A premium of Rs.1 per 1000 Sum Assured per member per annum will be charged. There is a fixed life cover of INR 5000 under this plan. In case life cover premium is not received before completion of policy year the life cover will lapse. To revive or continue life cover, Master Policyholder or member will pay all due life cover premiums without any interest before the completion of policy year.

What is the minimum and maximum contribution under this plan?

Minimum Initial Contribution	INR 1,00,000
------------------------------	--------------

Is there any surrender benefit in the plan?

You can surrender the policy at any time during the year. There are no charges for surrender in this plan. Surrender value should be determined by applying market value reduction, if any, to the account value. Market Value Reduction will be applicable on Bulk Exit and complete surrender. If in any financial year the accumulated withdrawal amount is more than 25% of the fund at the beginning of that financial year then it will be considered as Bulk Exit. Market Value Reduction will be applicable on withdrawals over 25% of account value at the beginning of the policy year, except in case of withdrawals due to death and retirement.

Market value reduction will apply when the sum of market value of the assets for all schemes under this

product is less than the sum of book value of the assets for these schemes as appearing in the scheme accounts. Market value reduction will be expressed as a percentage of fund value and will be calculated by the formula

$$\text{Max} \left\{ \left(\frac{1 - (\text{Market value of assets for all schemes under this product})}{(\text{Book value of assets for all schemes under the product})} \right) \times 100, 0 \right\}$$

Book value means account value which is calculated as contribution less exits plus, non-zero positive interest credited.

The extent of liability of the insurer is maximum up to the account value of the scheme under pre/post-retirement medical expense fund as per scheme rule

4. How is the sum assured calculated?

This plan will have a life cover of INR 5000 per member for the Gratuity and Leave Encashment schemes.

5. What happens when the benefits fall due?

The benefits will be paid to you, the master policyholder, as per the scheme rules on exit (Retirement/ Resignations/ Early Termination/ Vesting) of the member from the scheme. You can accordingly pass the same to your member(s).

The product will provide a lump sum amount on resignation from service, retirement from service and on surrender of policy. On the death of life assured/member, the product will provide a lump sum amount to the beneficiary as per the scheme rules.

	Gratuity, Leave Encashment and pre or post-retirement Medical expenses Scheme
Defined Benefit (Policies where the funds are pooled)	Benefit will be payable as per scheme rules, subject to availability of the Policy Account Value
Defined Contribution (Policies where individual Member Accounts are maintained)	Benefit payable will be individual member policy account value as per scheme rules, subject to availability of the individual member's Policy Account Value
