23-Jul-2020	J S W STEEL LTD.	AGM	Management	Issuance of specified securities aggregating upto Rs. 140 bn to Qualified Institutional Buyers (QIB)	For	For	We recognize that JSW Steel needs to raise equity to fund its on-going capital expansion plans. The company plans to increase capacity to 24 MTPA, modernise and expand downstream capacity, achieve backward and forward integration, and reduce costs. As a result, there is little clarity for shareholders on the final remuneration. The NRC must also provide detailed disclosures on performance metrics used to benchmark commission and incentive remuneration, to provide greater clarity. His estimated remuneration is higher than peers, higher than the remuneration of MDs of several S&P BSE SENSEX companies, and is not commensurate with the size and scale of business. The overall pay structure is open-ended and gives the board discretionary powers in deciding his variable pay components. The board must set a cap on the aggregate pay and disclose the quantum of stock options he is likely to receive as well as performance metrics that will determine variable pay. Bharat Puri's stock options have been granted stock options at face value – we do not support the issuance of stock options at a significant discount to market price to senior executives. Therefore, while M&M has agreed to infuse KRW 40 bn (Rs. 2.5 bn) to support immediate liquidity requirements, it proposes to either get a strategic partner into SMC or sell-down its existing stake. This will result in M&M's equity stake reducing to less than 50% or even a complete exit, for which it seeks shareholder approval. While we do not support enabling resolutions, we recognize that M&M will need flexibility in the current environment to arrive at a solution for SMC. Since SMC is listed on the local stock exchange, we expect the valuations will be linked to a market discovered price. The overall transaction is not likely to be material in the context of M&M's size.

The proposed remuneration is higher than peers, but we recognize that ~56% of this remuneration (as per our estimates) is variable and linked to profits. The remuneration structure will be as per RBI guidelines and will be approved by the RBI. As a good practise, we expect IndusInd Bank to disclose all components of the proposed remuneration, both fixed and variable (including ESOPs). As the compensation structure includes commission and incentives, the NRC should consider a cap on them. The NRC must also provide disclosures on performance metrics used to benchmark commission and incentive-linked remuneration, to provide greater clarity.
