To help your understanding

We've done our best to explain everything as simply as possible; however you're likely to come across some terms you're unfamiliar with. Where possible, we've explained these.

We have used plain language that's easy to understand and believe this brochure is a good place to start when considering a risk cover.

Introduction

While you help bring dreams to reality; we stand by your side to protect those dreams

When you set out to buy a new house or a new car; you find that it is important to manage finances for your purchase and the way you can make payments in convenient installments. However, you also need to evaluate the impact of not being able to pay the outstanding balance of your loan if something untoward was to happen.

IndiaFirst Life Group Credit Life Plus Plan helps your members with the assurance of freedom from financial liability in case of death of the member or total permanent disability due to an accident. The plan protects not just the asset but also relieve their loved ones from the loan liability that may arise in case of any unforeseen event.

Executive Summary

Key Features

You, Master Policyholder

- Provide your members with an enhanced value offering; give them security along with finances to enliven their dreams
- This enhanced value offering will also result in an increased customer loyalty

Risk Factors

- In case of Reducing cover option, the death benefit amount may be lower than the outstanding loan amount as cover schedule of insurance is on the basis of fixed loan interest rate at the time of availing the cover while outstanding loan amount varies according to the actual loan interest rate which varies from time to time due to movement in base rate by the financial institution.
- There can be a maximum of two joint borrowers under this policy so for partnership / business loan where there are more than 2 members one policy may not suffice.
